# Khalid Bin Kalban

Manager - Artificial Intelligence

Dubai, United Arab Emirates

## Summary

As Manager of Artificial Intelligence at Dubai Electricity & Water Authority (DEWA), over four months of contributions have focused on harnessing cutting-edge AI technologies, including Generative AI and prompt engineering, to drive impactful solutions. Collaborating with diverse teams, efforts have centered on leveraging AI to optimize processes and deliver innovative digital transformations aligned with DEWA's objectives.

Previous roles at DEWA in digital product and solution management further enriched expertise in building and scaling AI-driven initiatives. With multiple certifications, including Certified ScrumMaster, a commitment to fostering cross-functional collaboration and innovation defines ongoing professional endeavors.
